[DISPATCHES TO THE OREGONIAN.]

EASTERN DATES TO AUGUST 11.

WASHINGTON CITY.

Financial Matters.

WASHINGTON, Aug. 10.—The Secretary of the Treasury has notified agents for the sale of the loan of the placing of the remainder of the two hundred million five per cent. bonds offered in February, and has limited the authority of agents now to sell an equal amount of 4½ and 5 per cent. bonds.

A report is published charging Commissioner of Internal Revenue, Douglas, with being defaulter to the amount of $3,000, while Collector of the 19th District of Pennsylvania. The report originated in the embezzlement by one of Douglas' deputies of $17,000, all of which except $1,600 has been settled by Douglas, part having been collected of the deputy's bondsmen and the balance paid by Douglas himself.

EASTERN STATES.

Louisiana Politics.

NEW ORLEANS, Aug. 10.—The Warmouth Republican Convention met again to-day and passed resolutions condemning the action of the other wing of the party,—endorsing Warmouth's and Grant's administrations, and requesting the latter to remove the custom house party from Federal offices and appoint true Republicans.

New York Dispatches.

NEW YORK, August 10.—The boiler of the Brooklyn Navy Yard exploded yesterday. Nobody was hurt. Officials are very reticent about the affair.

The *Evening Express*, in an article on city credit, says the credit of New York City is good, notwithstanding persistent efforts of a Radical clique to break it down. The Rothschilds recently took three millions of city bonds and offered them for sale in Frankfort. They received bids for ten millions at an advance of six per cent. upon the price they paid.

An appeal has been received from Buenos Ayres setting forth the terrible ravages of the yellow fever in that country and asking donations in aid of the sufferers.

BY ATLANTIC CABLE.

Reported Alliance Between Russia and France.

LONDON, Aug. 10.—Russia is arming extensively, and has formed an alliance with France against Germany and Austria.

Roundell Palmer is appointed counsel and Earl Russell arbitrator on the part of England in the case of the *Alabama* claims.

French Affairs.

VERSAILLES, Aug. 10.—There is evidence before the Court Martial that the Central Committee of the National Guard of Paris ordered the assassination of Generals Lecomte and Clement Thomas. This statement, which is made by several witnesses, is denied by Ferre.

The budget committee of the Assembly have finally rejected the 20 per cent. duty on raw material.

In the Assembly to-day Vetellard submitted a motion providing for the spontaneous assembling of Councils General in case the Government is overthrown.

The decentralization bill was finally passed by the Assembly.

The supplementary bill relative to the Department of the Seine will soon be introduced.

A dispatch to the Minister of War from Gen. Lallemans, commanding the Algerians, reports a brilliant victory over the insurgents at Sobel. The insurgents are rapidly submitting to the authority of the Government.

Dispatch from Munich.

MUNICH, August 10.—King Louis goes to Schwandorf, in Upper Palatinate, to meet the Emperor William on his journey to Austria and escort him through Bavarian dominions.

The British Parliament.

LONDON, August 10.—In the House of Lords the Marquis of Ripon made a lengthy argument in favor of the ballot. He referred to his experience in the United States in most pleasant terms and paid a compliment to American institutions. The Earl of Shaftsbury made a demand for two months' time for discussion of question of ballot. A vigorous debate ensued, participated in by the Lord Chancellor and various others. The House discussed the bill and referred it; majority against Government, 49.

CUBA.

Insurgents Executed.

HAVANA, Aug. 10.—The insurgent Generals Quesada and Figueredo have been executed at Santiago de Cuba.

OREGON.

The Albany *Democrat* has closed its sixth year.

Wheat buyers at Albany are offering 90 cents per bushel, although some contracts have been made at $1.

The price paid for the wagon road land grant extending from Albany to Eastern Oregon, is said to be $140,000. The grant covers 800,000 acres.

The Jefferson woolen-mill will be ready to run in six weeks. It will have a capacity for turning out from 800 to 1,000 pairs of hose per month—employing about twelve workmen.

It is said that many matrimonial engagements have been made among pleasure seekers at the coast this summer. Young people go down to hear "what the wild waves are saying," and it appears that the said waves advise them to marry.

The *Bedrock Democrat* tells us that when the Durkee Ditch shall be completed it will cover all the mines on Burnt river, so that miners can work with hydraulics—the only way in which placer mines should be worked, as it is very effectual and saves an immense deal of manual labor.

The Oregon City *Enterprise* says: "A rock was thrown across the river last Wednesday from a blast, which came down on the roof of Mr. Hase' saloon, and fell to the ceiling of the house. The rock weighed twenty-six pounds! It was very fortunate no one was injured. The distance it was thrown was about a quarter of a mile."

The Albany *Democrat* says that the sheep raisers living in the vicinity of Sublimity, have an organization designed to wipe out the wolves in that locality. Each member pays into the treasury, when a wolf is killed, 25 cents, which goes to the wolf-slayer. The organization is so large that for each wolf killed, about $35 is realized by the fortunate hunter.

CURRENT NOTES.

The Boston *Transcript* says: "Tammany Hall, as a power in the country, never before received such blows as the New York *Times* is striking with each daily issue. Throughout the Union it will render Tammany a thing abhorred—causing it to be regarded as an organization to be avoided as a pest."

The Commissioner of Internal Revenue announces that in the large districts in the Southern States and Western Territories considerable difficulty is experienced in collecting the revenue. The Ku Klux organizations have also placed obstructions in the way of the officers in discharging their official duties. But he further states that the most of the collectors have accounted for all taxes assigned to them for collection.

They do tell rough stories in Nebraska. Not long since, we had from there a report of a tornado which blew a freight train thirty feet from the railroad track. And now we are told to believe that in a severe storm west of Omaha, the other day, a quarter of a mile of track was carried bodily *over a fence* four feet high, landing some distance in the prairie. Perhaps this is all right, but it must have been an uncommonly strong fence.

LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

WASHINGTON CITY.

Currency for Japan.

WASHINGTON, August 11.—There is no truth in the statement that the Bureau of Engraving and Printing at the Treasury Department is engaged in manufacturing money for the Japanese government. The Financial agent of the Japanese was here and visited the Bureau. The manufacture of our national currency was fully explained to him, but no engagements were entered into for the performance of any work for him, as the Printing Bureau cannot work except for the United States. It is understood, however, that the Continental Bank and Note Company has been engaged on some work for the Japanese Government.

EASTERN STATES.

New York City Affairs.

NEW YORK, August 11.—The *Tribune* this morning presented a detailed statement of the transactions of the quarantine officials, and charges the Health officer, Dr. Camochan, with having prostituted his official power for pilfering purposes, to enrich himself and the quarantine ring, and damage the commerce of the port. It says five hundred and odd vessels were thrown out of port in a single year by exactions at the quarantine by this official and his colleagues.

Democratic organizations are discussing the course to be pursued with reference to the fall campaign. The prevailing opinion is that a strong anti-Tammany delegation to the September State Convention to nominate State officers, will this year be reinforced by representatives from German, Irish, British and those Americans who have been long hostile to the present city ring, and, if possible, concert of action with the Republicans will be had to elect anti Tammany legislators from the city districts. Tammany is already showing great activity by organizing local clubs, and is making vigorous campaign preparations.

The Matter of Pensions.

NEW YORK, Aug. 11.—The Commissioner of Pensions estimates that there are at least 40,000 people, soldiers or widows, of the war of 1812, who are entitled to pensions under the act of February 14th, 1871. This number will require a sum of $4,000,000, annually, and will necessitate an appropriation for pensions next year of fully $35,000,000.

BY ATLANTIC CABLE.

Miscellaneous News.

PARIS, August 11.—It is thought the vote on prolongation of Thiers' term will stand 300 against 230; absentees, 13.

LONDON, August 11.—Charles Buxton, M. P., is dead; aged 49.

The Pope writes to a committee offering title of Pius the Great and throne of gold, and refuses it during his lifetime. Money subscribed for the throne will be employed in exempting Seminarists from military service.

The Mount Cenis Tunnel is a success. It will be formally opened in September.

The French Budget Commission proposes a three cent tax on bonded goods. It is calculated to include seventy five millions.

It is denied that Spain will send a fleet to Venezuela. Filibusters will become the object of diplomatic protest.

Special private information from a correspondent at Salsburg says the military organization in Russia is being pushed forward on the Prussian camp long service plan and vigorously carried out without exception. In consequence of the enormous extent of country provincial depots are to be established. Officers are now examining frontiers and reporting. Government is trying the experiment to see how soon a corps d'armee advancing can lay a line of railway for forwarding supplies. If such is the case, everything politically promises well for Austria and an alliance with Germany, as there is an apprehension of an alliance between France and Russia. This is the chief question of discussion between the European powers of Austria and Germany at Gasten. They meet at Ischel to-morrow.

There was a gun cotton explosion at Stowe Market, London, to-day. Several were killed. Further explosions are apprehended.

PARIS, August 11.—Elections for Councils General occur early in September.

The tax bill is under discussion in the Assembly. The right demands that Thiers' term of office shall be prolonged only two years.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, August 11.—The general impression appears to be that the ticket for Assembly put in the field by the Democracy last evening is a very weak one. There is much dissatisfaction with it in the ranks of the party.

Advices by telegraph from Port Townsend report the codfishing fleet on northeast coast doing finely, the catch being larger than last season for the same time and number of vessels.

Three steamers with important mails and freights are now due, or will be so within the next twenty-four hours, viz: that from Panama and Mexico, the *Ajax* with Sydney and New Zealand mails, and the China steamer.

This afternoon William H. Coffey, an employee of the Tide Land Commission, who went into the office to receive his warrant for salary in apparently perfect health, was seized with hemorrhage of the lungs, sat down and in ten minutes was a corpse. He was twenty eight years of age, a native of New York, and leaves a wife and children.

Ship *Quickstep* sailed for Hong Kong to-day with 11,000 barrels of flour. Ship *Yosemite* will follow her.

SAN FRANCISCO, Aug. 11.—The Democratic nominations last night for the Assembly were Julius Platshek, R. A. Redman, G. W. Thomas, Martin Bulger, Owen Thorne, T. C. Owens, Wm. O'Connell, Henry George, Otter H. Frank, C. C. Wilson and James V. Kelly.

The ship *Marie Nottebohm* was slightly injured by fire last evening. While the department was responding to the alarm, Fred. Thalberg, employe of the Pacific Mail Co., was run over by engine No. 2, corner of First and Brannan streets, and severely if not fatally injured.

Charles Morse, a seaman of the British ship *Hoghton Tower*, fell down the hatchway of the vessel and was killed.

The effort to get the schooner *America* off the beach at the Cliff House has finally proved unsuccessful, she having swung around broadside last night, and gone higher than ever.

Private dispatches says Claggett, Republican, is elected Delegate to Congress from Montana.

SAN FRANCISCO, August 11.—Arrived, ship *Blackhawk*, 128 days from New York; merchandise to Geo. Howes & Co.

Fred. Laborg, an employee of the Pacific Mail Company, who was run over by an engine last night, died in the hospital to-day.

There is an immense attendance at the Pavilion this evening. Goods are still coming in, but nearly everything is arranged and the fair will be at its height to-morrow. The Japanese and Chinese galleries are now open to the public.

INTERIOR CALIFORNIA DISPATCHES.

FOLSOM, Cal., August 11.—J. H. Smith's grocery store was broken open last night, the safe broken open and about $500 stolen. An entrance was effected by removing brick from under the iron grates in the cellar windows. No trace of the robbers.

KINGSTON, Cal., August 11.—Republicans are holding a mass meeting here to night which is being addressed by F. L. B. Goodwin, Hon. Tipton Lindsey, Stephen Barton and E. Willett.

LOS ANGELES, Aug. 11.—The question of sustaining a permanent opposition to the N. P. T. Co. is being agitated among the people of the interior country. A public meeting is to be held at El Monte this afternoon, and one to be held at Gallatin to-morrow to further this project.

HEALDSBURG, Aug. 11.—The upward bound stage when within three miles of Cloverdale, about 11 o'clock last night, was attacked by three men who leveled guns at the driver, who whipped up the team and succeeded in escaping. This attempt at robbery was made in the vicinity of the robbery of a few weeks since.

The Linn county fair will begin September 26, and continue five days.

Portland to Eugene City by the O. & C. R. R.

A trip up the road to Eugene City at the present time is quite a treat to those who are kept in the city pretty closely throughout the year. The writer had the pleasure of spending the past few days in the towns along the railroad. Starting at about two P. M. on Conductor Stroud's train, we are hurried along to the present terminus, Harrisburg, which place is reached at eight o'clock. We are spared the usual "twenty minutes to eat supper," and having secured a seat on the stage (which happened, unluckily, to be on rear end) we are soon on the road to Eugene City, and, after a very dusty ride, arrive at about midnight. In the desire to get a little rest we take the *best* at hand, which we confess, upon experience, is anything but *the best*. Good hotel accommodations are the most desirable things wished for by a traveler, and in this field Eugene City is behind its neighbors—Albany, Salem and Portland—decidedly. An enterprising individual could coin money in Eugene by opening a hotel at that place to compare even with our second class houses.

The town at this time presents a very dull appearance. Great are the expectations of the Eugene people upon the completion of the road to that town. The grading is done some miles beyond the city limits. Passenger and freight depots will soon be erected at the head of Willamet street for the accommodation of all parties concerned. The railroad hands were paid off at this point this week. Quite a number of saloons have been opened and doing a brisk business. Roughs in numbers follow the building of the road and "make much trouble," as our German friends would say. Junction City is the name of a new town, soon to be started a few miles north of Eugene by the Railroad Co. This point will be, as the name implies, the Junction of the East and West side roads, and will most probably grow up to be a place of considerable importance. The Eugeneites will have to be stirring to prevent this.

The Vincent Bros. (bilks undoubtedly) victimized the people of Eugene some weeks ago. Several bills of their contracting remain unpaid. Other towns in the State seem to have fared the same fate at the hands of these parties.

The Brothers Kincaid, of the *State Journal*, are out of town. I learn that both papers are doing pretty well.

Vice President Halsey, of the O. & C. railroad, was in town on Tuesday.

To get away for the north by the stage and connect at Harrisburg, it was necessary to start as early as 3 A. M., an unpleasant hour, indeed; but we did so, and reached Harrisburg in time for the first train. On our way down we stopped at Halsey. We counted some fifteen houses in the immediate neighborhood of the depot. A large building for the storage of grain and general merchandising has been erected at this point by Cornell & Clements of Portland, and business commenced. Mr. Clements has been appointed Postmaster. Quite a number of Brownsville people are locating here. Shedd's station, a few miles further north, will also be a lively place. We reached Albany about 8 A. M. and proceeded to town and find it rather dull. This is accounted for from the fact that farmers are busy harvesting. Wheat is held at $1—90c being offered. The crops will be large.

The Albany College will open on the 4th prox. Prof. R. K. Warren, formerly of Portland, will have charge.

The Linn County Fair will commence on the 26th prox., and continue five days. A good general display is promised.

A ditch from the Santiam, which is almost completed, will give plenty of water to run the mills at Albany.

Low water between Salem and Albany permits of only an occasional trip of the boats to the latter point.

There has been several parties in Albany of late buying important privileges, etc., of which your readers have been previously informed. C. B. Comstock & Co., of Springville, are heavy dealers in grain at this place. Marion Station, beyond, is fast growing up. Salem, like other towns on the road, is in a state of quietness. The building being constructed by the Water Company will be completed soon and the water works in operation by the first of November. The city allows the company $1,800 per annum for twenty years' time for water supply, and private citizens pay big prices for the article—they will find the water company a big bear after a brief trial. Through the courtesy of Joseph Hoyt, Esq., Superintendent of the Woolen mills, I had the pleasure of a look about the manufactory. The mill is running with half the usual number of employes. In a few weeks the full number of operatives will be at work.

Governor Grover, Secretary of State Chadwick, other officials, besides a number of citizens, are off rusticating.

Work on the penitentiary is progressing favorably. The convicts are in the service.

A new church (Presbyterian) is in course of erection. This will make an exceedingly large number of places of worship in Salem.

Preparations are already being made for the approaching fair.

Arrivals at that excellent institution, the Chemeketa House, average about twenty-five daily. The house is conducted in all its departments with a view to the accommodation of guests. R. P. Earhart, the proprietor, is just the person for the place.

Clarke, of the *Statesman*, complaineth still.

The Firemen of the city will likely accept the invitation of the Portland Department to participate in the annual parade. The boys should prepare for a large delegation of Salem Firemen.

The Pioneer Oil Works are running night and day.

Postmaster Rickey gives satisfaction to all.

In short, we were greatly pleased with the appearance of the country and the people along the railroad line. "W."

A Sensation Exploded.

[From the Albany Democrat.]

We are permitted to take the following extract from a letter written by Frank Moore to A. Hackleman, of this city. Moore is in charge of Hackleman's cattle on Crooked river, in Eastern Oregon, and writes from there under date of July 29th, as follows:

A. HACKLEMAN: *Dear Sir*—You have doubtless heard, long ere this reaches you, that the Snake Indians have robbed the camp of Coleman & Teal, on Silver river, and stolen part of the horses and cattle and driven the men off the ranch. I hasten to inform you that it is all a mistake and that the Indians have not taken anything at all from their camp—neither horses, cattle nor provisions—and did not trouble the men in charge of the stock. They evidently got up a big scare and ran off in the night, under the impression that the Indians were after them! They came to my camp in the evening, two of them mounted on one horse each, and the other two riding "double" on one horse, and said that the Indians had raised Cain generally on Silver river. I gave them their supper and they went to Eagle Rock that night—making 90 miles they had traveled constantly save their stoppage for supper at my camp. Afterwards I returned with Henry Coleman to Buck creek, where we met Gates and three of their men, who went on up to the camp of Teal & Coleman, where they found everything undisturbed and all the cattle, save 45 head, whose tracks were easily discovered, and who are doubtless long ere this all recovered."

A MEPHITIC STREAM.—A Chicago paper of recent date says:

The scented water of the Chicago river as it was, is slowly making its royal progress to the Gulf, spreading nausea and elevating noses as it goes. Our city officials wisely deferred their voyage of celebration to Joliet until it had passed that point, which was only a day or two ago, and now they will meet no polluted waters on their way. Peoria, below, is anxiously awaiting the high-toned arrival, and so all along the Mississippi. But they can endure for a day what we have had to stand for years, and so we do not pity them exceedingly.

THE TERRITORIES.

The fire fiend has a peculiar spite at Idaho City, and wreaks his vengeance upon the place oftener than elsewhere. A dispatch received yesterday states that nearly the whole town is again in ashes. No particulars are given. This is the third time this disaster has befallen the place.

A Puget Sound paper has this: Gen. Alexander, of the Harbor Defence Bureau, is at Port Townsend taking soundings and making observations with reference to the use of torpedoes and other warlike implements, and the erection of fortifications. In this connection he will examine Point Defiance and vicinity, as well as other localities.

At the session of the Supreme Court of Washington Territory, at Olympia, last week, an opinion was delivered in the case of the O. S. N. Co. vs. C. H. Hale, to the effect that a contract entered into not to run a [illegible] for ten years in any of the waters of Oregon and California was in direct conflict with the interests of the public, and therefore void. It was unanimously concurred in by all the Judges.

A decision has been rendered in the Supreme Court of W. T. touching the San Juan Island murder case. This case was tried before Chief Justice Jacobs at the March term of the District Court of Port Townsend in 1870, and resulted in a conviction on an indictment found on the United States' side of the Court. It was taken to the Supreme Court on a writ of error, and the only point involved was as to which side of the Court, Federal or Territorial, ought the indictment to have been found. Judges Green and Kennedy held that it should have been found on the Territorial side of the Court, while the Chief Justice held that, under the convention of Joint Military Occupation, the Federal Court alone had jurisdiction. The judgment of the Court below was therefore reversed, and the prisoner was remanded into the custody of the Sheriff of Jefferson county to await the action of the next grand jury.

The Daily Oregonian.

SATURDAY MORNING, AUGUST 12, 1871.

Bring the Proofs.

From time to time we hear much vague declamation from certain sources about the alleged peculation of Gov. Woods and Secretary May while in office in this State. The Oregon City *Enterprise* propounds these questions to us, and says it "awaits our answer":

> How much of the insane money did Sam May and Woods steal? How much of the first payment on school lands sold while Woods and May were in office did they steal? And finally, how much of the public money did the Radical administrations of Gibbs and Woods steal? These are some questions in which the people of Oregon are interested directly.

We have heard quite enough of these indirect insinuations and loose general charges. We do not know that the persons named ever "stole" anything or misappropriated a dollar of the public funds. If the *Enterprise* knows that they did, we respectfully request it to state the fact and furnish the proof. Let there be no loose or general charges, but let the statements be given in the form of provable facts. If Woods and May "stole" any of the public funds, let us know when and how much. Vague declamation will not answer. If there was anything corrupt or wrong in the official conduct of Gov. Gibbs, state what that wrong was. It will not do to make sweeping assertions without specific proof to back them. We stand as ready as the *Enterprise* to denounce peculations perpetrated by those in office when we can see the proof, or anything which looks like proof, that they were perpetrated. And we will go as far as that paper or any other in trying to bring the offenders to justice. But let us first have the facts on which to proceed. The *Enterprise*, after saying what it has said, cannot afford to withhold them. If it does not produce them it will compel the public to pronounce its statements malicious, slanderous and false.

Several other Democratic papers have spoken of Woods and May as "thieves," and have asserted that they, while in office, converted to their own use money belonging to the State. To all these papers we make this appeal: Give us proof of your assertions; put your statements in such form as to enable the public to judge whether there is anything in them or not; specify what sums were stolen; tell all you know about it. Once for all, we demand to know *what proof* there is to sustain these charges of infamous conduct. When we furnish proof of the perpetration of frauds, involving millions of dollars, by the Democratic rulers of New York, we do not accept these indefinite charges against Woods and May as a sufficient answer to them. Nor, for that matter, would it be a sufficient answer, if all that is alleged against Woods and May should be proven. But we are tired of these irresponsible statements. Let this sort of thing be stopped, or let something more specific be given. We wait for a response. Out with it!

Brick Pomeroy's Testimony.

Brick Pomeroy, it is well known, is a representative Democrat. His paper has for years circulated very largely among the Democrats of Oregon, and it is probable that at this moment it has as large a circulation in the State as any Democratic paper published here. Pomeroy himself is now in California making Democratic speeches to large audiences. In his New York *Democrat* of July 29th there appears an article on the New York frauds, which we may commend to such incredulous people as those of the Oregon Democratic press who affect to deride this whole subject. The article begins in this style:

> We furnish this week another of those exhibits of colossal expenditure and fraud with which, last week, we opened the only real attack upon Tammany Hall which has yet been undertaken on behalf of the tax-payers of New York. Let it not be forgotten that the warfare we make is real, and not like that of the New York *Times*—with kid gloves on. We furnish the total sums of expenditure, and take our figures from the official records.

Pomeroy's *Democrat* next proceeds to show that the total revenues of the city and county of New York in 1860 were $35,673,254.17, and that in 1870 they were increased to the vast sum of $90,546,674.54. On this and other like facts which it advances it makes this comment, which we especially commend to the attention of the *Oregon Herald*:

> What we now call attention to is the fact that New York, with a population but little greater than it was in 1860, pays for its dual municipal government nearly *three times* as much money as it did then, or NINETY-ONE MILLIONS A YEAR now against thirty-five millions a year then! Nor is this money expended for improvements real or pretended. True, that about twenty-five millions are now annually charged to the "Ring" and "other accounts" which cover this source of expense, against four or five millions a year in 1860. But after these sums are deducted there remains sixty-six millions of expenditure in 1870 against thirty millions in 1860—in other words, Hall, Sweeny, and Connolly, the Ring triumvirs, of whom New York happily knew nothing ten years ago, now receive annually from the public treasury the enormous sum of THIRTY-SIX MILLIONS A YEAR FOR NOTHING.

SOUTH OF IRELAND.—Senator Wilson has made a visit to the south of Ireland. In a letter dated at London, July 4th, he writes about what he saw there:

"The rags and poverty that met my sight, and the beggars that thronged about me, made me feel that if I were a resident of that land I should be a most radical reformer, if not a revolutionist." Whisky drinking he found to be almost universal, and yet he says he had not seen a particle of fighting or rowdyism. He adds: "I have not heard a profane oath since I landed, on the 15th of June, at Queenstown, eighteen days ago. I have seen hundreds of thousands of the people, from the Queen down to the ragged beggar of the slums of this wilderness of houses, and I have yet to hear the first profane word. This has surprised and gratified me much. I trust the time is not far distant when a stranger may travel hundreds of miles in our country, and mingle with hundreds of thousands of our people, without hearing an oath."

The San Francisco *Call* compiles a list of the wealthy people of California. The names of about one hundred and thirty persons are mentioned, whose wealth ranges from $10,000,000 to $500,000 each. The wealthy men of San Francisco range from $1,000,000 to $4,000,000. John Parrott is set down at the last named figure; A. Hayward at $3,000,000, and M. S. Latham at $1,000,000. Leland Stanford, Charles Crocker, C. P. Huntington and Mark Hopkins are set down at $10,000,000 each.

The New York *Journal of Commerce*, a respectable Democratic paper, tells the officials of that city that "they can no longer afford to sneer at charges which are on every tongue," and that their "reply that those who have brought charges of corruption against them are actuated by improper motives is no sufficient answer to the accusation." It tells them further that New York's blood is up, and the people will not be trifled with on this grave matter.

Revenue Defalcations.

Driven to extremity by the exposure of the colossal frauds perpetrated by their party in New York, the Democratic papers attempt to set up a maundering in moonstruck fashion about "Radical robberies." The following from the *Herald* is a sample:

> Secretary Boutwell furnishes to Congress the fact that Radical Internal Revenue officers are defaulters to the Government to the amount of over twenty millions of dollars.

This assertion is unfortunate for several reasons. First, Secretary Boutwell never furnished such a "fact" to Congress. He stated to Congress that the books of the Treasury showed that about *twenty millions* were still charged against ex-Collectors of Internal Revenue, but nearly the whole of this sum was made up of delinquent taxes, which the officers had not been able to collect from the persons against whom it was assessed. Second, a table was prepared last month at the Internal Revenue Office, which shows that the amount of money lost to the Government by defalcations of revenue officers is as follows: Lost through appointees of Lincoln, $90,508; through appointees of Johnson, $1,973,757; through appointees of Grant, $64,681. It is bad enough, indeed, that any should be lost, but the reader will not fail to observe that nine-tenths of the whole amount missing was made way with by appointees of Johnson, who were in the interest of the Democratic party.

Nearly half a million copies of the edition of the New York *Times* containing in detail an exposure of the Tammany frauds, were printed and sold,—the demand continuing for three days after the paper was first issued. It is said that there never was before so extensive and so eager an inquiry for any paper published in America.

A few days ago a lad of 17 years, named Daniel Deasey, son of Mr. Deasey, Government Messenger, lost his life by the accidental discharge of a gun in the hands of Thos. Cameron.

The Italians of New York city will celebrate the unity of Italy by a public procession through the streets on the 25th of this month. The *Herald* thinks this will offend many Catholics, who forget that these Italians are as good Catholics as themselves; but it adds that since the event of the 12th of July, prudence and self-preservation should teach them to stifle their feelings as much as possible, as the right of free parade is as well settled as any other right in New York.

July 22, 1871.

DR. A. M. LORYEA—I have been troubled with Rheumatism for the past *twelve years*; my joints, especially those of my feet and hands, were badly swollen, so that I could with difficulty go around. My shoulder pained me a great deal and a LARGE BONY SWELLING grew out, so that I could not raise my hand to my head.

Since last spring I have been taking your "Oak Weed Remedy," and find myself much improved. The swelling and pain has left my joints and shoulder and THE BONY GROWTH HAS ENTIRELY DISAPPEARED and I use my limbs and am far better than I have been for years.

THE GREAT WORLD TONIC!

PLANTATION BITTERS

This Wonderful Vegetable restorative is prepared from pure St. Croix Rum and Calisaya Bark, known the world over as possessing wonderful tonic properties. As a Tonic and Cordial for the aged and languid it has no equal.

PLANTATION BITTERS

Just the thing for the morning lassitude and depression of spirits caused by late hours and what is called fashionable dissipation.

PLANTATION BITTERS

Of all the appetizers it is the most infallible, and the impulse which it imparts to the digestive functions soon puts Dyspepsia to flight.

PLANTATION BITTERS

It is the foremost remedy of the age. The specific of every species of debility, general or local, constitutional or casual.

PLANTATION BITTERS

A wine glassful taken half an hour before breakfast, dinner or supper, quickens the flow of the gastric juice, and thereby provokes hunger.

PLANTATION BITTERS

"By its use I dispose of three good square meals per day, with a good relish, have no pains and have gained eleven pounds in eight weeks, sleep well, and consider myself a healthy man."

PLANTATION BITTERS

Taken moderately, three times a day, will give you strength, health and a cheerful and contented disposition.

PLANTATION BITTERS

Will give rest and quiet to those who cannot sleep, from unsatisfactory condition of their affairs.

PLANTATION BITTERS

Will restore tone and vigor—just the thing for mothers nursing.

PLANTATION BITTERS

"Well, they cured me of every distressing symptom in ten weeks and you had better follow my example."

PLANTATION BITTERS

If you want pure, rich and electrical blood—blood that gives tone to the system, the "rose tint of health" to the cheek,—Try it.

PLANTATION BITTERS

Thousands of families in Ohio and Mississippi valley, and on the border of the southern rivers and swamps, will not be without one.

PLANTATION BITTERS

Which is the cheapest? A dollar bottle of Plantation Bitters, or a physician at two dollars a visit?

PLANTATION BITTERS

"The value of such an antidote cannot be expressed in words."

PLANTATION BITTERS

Will restore the vital energy, repair indigestion, and correct the sluggish circulation of the blood.

PLANTATION BITTERS

Is an unequalled invigorating cordial for the aged as well as for the young.

PLANTATION BITTERS

Is unsurpassed for weak and delicate persons, on their requiring a gentle stimulant.

PLANTATION BITTERS

"I began taking your Bitters the next day, and am perfectly happy to tell you that they have completely restored my health, strength and cheerfulness."

PLANTATION BITTERS

"I find nothing so good for headache and languor to which my daughters are at times subject! It gives them a splendid appetite, and they eat like pigs."

PLANTATION BITTERS

"By advice of my physician, soon after my baby was born I commenced taking them, and they have done me so much good."

PLANTATION BITTERS

Are sold everywhere.

Services will be held to-morrow morning and evening in the Unitarian church, at the usual hours, Rev. T. L. Eliot, minister officiating. The seats of this church are *always free*.

THE WOMAN PLATFORM.—The *New Northwest* of this week contains Mrs. Laura De Force Gordon's letter of acceptance of the nomination for Senator for San Joaquin county, California. She pledges herself in favor of counteraction against deception and intrigue of political parties; the unjust and unchristian laws now permitted to rest upon our statute books; the invidious distinctions against the poor and in favor of the rich, in the matter of punishment for evil doing; the curse of intemperance; the desecration of the ordinance of marriage by wanton infidelity and licentiousness; land monopolies which check the development of agricultural resources and industrial enterprises and threaten to centralize power by a vast accumulation of wealth in the hands of the *few*, leaving poverty and want the inheritance of the *many*; ignorance which is allowed to increase despite our free schools; the unjust discrimination made on account of sex in remunerating labor, not only by private parties but in government employments; all class legislation, and similar wrongs which exist. Being against all these things, she would adhere to such measures and expedients as would tend to right them. Singularly, she makes no reference to woman suffrage, unless it may be contained in the clause relating to the "unjust and unchristian laws" which do not give woman the ballot.

COUNTY COURT.—The Commissioners passed upon several bills and made the following orders yesterday:

Ordered that the Superintendent of the Hospital furnish the Court with a statement of expenses incurred by him, with a list of the time of each during the period since his appointment, and that he include in the same a list from the 1st of July, 1870.

Ordered that executors and administrators of estates and guardians whose annual accounts have not been filed for six months prior to this term, be cited to appear at next term and show cause for such delinquency.

Ordered that the Clerk furnish the District Attorney a list of all judgments unsatisfied due the State and county, and that the District Attorney proceed to collect the same.

COUNTY FINANCES.—The annual reports of the Clerk and Treasurer of this county having been examined by the Commissioners and approved, we are able to give the following summary:

Receipts for the year ending June 30, 1871—	
From former Treasurer	$19,540 90½
" all sources	119,193 66½
Total	$138,734 57

" State tax fund	31,964 05
" State Poll tax	1,802 00
Total	$108,639 14¼
Balance in Treasury June 30—

ODD FELLOWS' HALL, EAST PORTLAND.—The splendid Temple recently erected in this city by the Odd Fellows, is now about completed, says the *Era*, and will receive its furniture by the 19th inst., at which time it will be duly dedicated. The ceremonies will take place at seven o'clock P. M., on which occasion a full attendance of the members of all Lodges in this jurisdiction is expected. The Order will form here in procession, in full regalia, at half-past six o'clock P. M., march from the Temple to the J street ferry landing, there to receive the members of other Lodges and escort them to the Hall. The dedicatory service will be performed by Mr. J. T. Apperson; after which a grand supper will be served.

ARRIVAL OF STEAMERS.—The N. P. T. Co.'s steamship *California* arrived at this port at half-past ten o'clock Thursday night, from Sitka and Puget Sound, with a full cargo (mostly stone for the Custom-house in this city) and a good passenger list. The Company's steamship *Gussie Telfair* arrived at half-past eleven o'clock from San Francisco. She sailed from San Francisco at four o'clock P. M., Saturday, August 5th. Had a pleasant run, and arrived off the Columbia river bar Wednesday, August 9th, three days and twenty hours from San Francisco. Lay off and on for a pilot until eight A. M. on the 9th, when she came in with the *California*. She brought, also, a full freight list, and two passengers.

ANNIVERSARY MEETING.—The anniversary meeting of the Oregon Conference Board of the Church Extension Society of the Methodist Episcopal Church, will be held this evening in the Taylor street M. E. Church. Rev. J. H. Wilbur will preside, and the annual report read by the Secretary of the Board. Addresses will be delivered by Rev. Dr. Thomas, of San Francisco, by Rev. I. D. Driver, and by Rev. L. M. Nickerson.

THE ANNIE STEWART.—There is a rumor that the steamer *Annie Stewart* will receive a new boiler by the next sailing vessel to arrive from San Francisco, and that she will be again shortly put in service. We are unable to say how much of truth there may be in the rumor.

FOR VICTORIA.—The steamship *Gussie Telfair*, John Hayes, Commander, will sail at 7 o'clock this evening for Victoria. She will not touch at any other point this trip.

SCHOOL FOR BOYS.—Rev. Father Fierens, of the Catholic church, has erected a new school for boys in this city, located near the Sisters' school, to be called St. Michaels.

MOVING.—Trinity Church, corner Second and Oak streets, is on rollers, and to be removed to Fifth street. There will be no service in the church this week.

THE WOMAN PLATFORM.—The *New Northwest* of this week contains Mrs. Laura De Force Gordon's letter of acceptance of the nomination for Senator for San Joaquin county, California. She pledges herself in favor of counteraction *against* deception and intrigue of political parties; the unjust and unchristian laws now permitted to rest upon our statute books; the invidious distinctions against the poor and in favor of the rich, in the matter of punishment for evil doing; the curse of intemperance; the desecration of the ordinance of marriage by wanton lewdity and licentiousness; land monopolies which check the development of agricultural resources and industrial enterprises and threaten to centralize power by a vast accumulation of wealth in the hands of the *few*, leaving poverty and want the inheritance of the *many*; ignorance which is allowed to increase despite our free schools; the unjust discrimination made on account of sex in remunerating labor, not only by private parties but in government employments; all class legislation, and similar wrongs which exist. Being against all these things, she would adhere to such measures and expedients as would tend to right them. Singularly, she makes no reference to woman suffrage, unless it may be contained in the clause relating to the "unjust and unchristian laws" which do not give woman the ballot.

COUNTY COURT.—The Commissioners passed upon several bills and made the following orders yesterday:

Ordered that the Superintendent of the Hospital furnish the Court with a statement of expenses incurred by him, with a list of the time of each during the period since his appointment, and that he include in the same a list from the 1st of July, 1870.

Ordered that executors and administrators of estates and guardians whose semi-annual accounts have not been filed for six months prior to this term, be cited to appear at next term and show cause for such delinquency.

Ordered that the Clerk furnish the District Attorney a list of all judgments unsatisfied due the State and county, and that the District Attorney proceed to collect the same.

ODD FELLOWS' HALL, EAST PORTLAND.—The splendid Temple recently erected in this city by the Odd Fellows, is now about completed, says the *Era*, and will receive its furniture by the 19th inst., at which time it will be duly dedicated. The ceremonies will take place at seven o'clock P. M., on which occasion a full attendance of the members of all Lodges in this jurisdiction is expected. The Order will form here, in procession, in full regalia, at half-past six o'clock P. M., march from the Temple to the J street ferry landing, there to receive the members of other Lodges and escort them to the Hall. The dedicatory service will be performed by Mr. J. T. Apperson; after which a grand supper will be served.

ARRIVAL OF STEAMERS.—The N. P. T. Co.'s steamship *California* arrived at this port at half-past ten o'clock Thursday night, from Sitka and Puget Sound, with a full cargo (mostly stone for the Custom-house in this city) and a good passenger list. The Company's steamship *Gussie Telfair* arrived at half-past eleven o'clock from San Francisco. She sailed from San Francisco at four o'clock P. M., Saturday, August 5th. Had a pleasant run, and arrived off the Columbia river bar Wednesday, August 9th, three days and twenty hours from San Francisco. Lay off and on for a pilot until eight A. M. on the 9th, when she came in with the *California*. She brought, also, a full freight list, and two passengers.

ANNIVERSARY MEETING.—The anniversary meeting of the Oregon Conference Board of the Church Extension Society of the Methodist Episcopal Church, will be held this evening in the Taylor street M. E. Church. Rev. J. H. Wilbur will preside, and the annual report read by the Secretary of the Board. Addresses will be delivered by Rev. Dr. Thomas, of San Francisco, by Rev. I. D. Driver, and by Rev. L. M. Nickerson.

THE ANNIE STEWART.—There is a rumor that the steamer *Annie Stewart* will receive a new boiler by the next sailing vessel to arrive from San Francisco, and that she will be again shortly put in service. We are unable to say how much of truth there may be in the rumor.

FOR VICTORIA.—The steamship *Gussie Telfair*, John Hayes, Commander, will sail at 7 o'clock this evening for Victoria. She will not touch at any other point this trip.

SCHOOL FOR BOYS.—Rev. Father Fierens of the Catholic church, has erected a new school for boys in this city, located near the Sisters' school, to be called St. Michaels.

MOVING.—Trinity Church, corner Second and Oak streets, is on rollers, and to be removed to Fifth street. There will be no service in that church this week.

RELIGIOUS INTELLIGENCE.

PERSONAL, LOCAL AND GENERAL.

[From the Advocate.]

Dr. Harris and Dr. Thomas, accompanied by Rev. J. H. Wilbur, visited the Dalles on Monday last.

The number of members and probationers in the Oregon Conference, including late transfers is seventy-two.

The Ames Chapel Camp-meeting closed on Monday night last with the conversion of six persons. Two united with the church.

The next Annual Convocation of the Oregon and Washington Mission Protestant Episcopal Church, will meet in Portland August 31st, at 7½ o'clock P. M. in Trinity Church.

J. F. DeVore and C. C. Stratton were elected by the Oregon Annual Conference, delegates to the next General Conference. Reserved Delegates —N. Doane and H. K. Hines.

Rev. Thomas Pearne and Rev. Geo. Waters, Indian preachers, from the Yakima Nation, and probationers in the Oregon Conference, are among the attendants at Conference now in session.

Bishop E. S. Janes, after concluding the labors of the present Conference, will go immediately to Sacramento to preside over the California Conference, which convenes in that city on the 23d inst.

Rev. J. K. Hammond, transferred from the East New York Conference to the Oregon, is among the passengers on the *Oriflamme* which sailed from San Francisco on Thursday last. Several other ministers are on board.

Quite a number of Indians of the Yakima tribe, who are converts to Christ, and under the pastoral care of Bro. Wilbur, are in attendance, and manifest a deep interest in the proceedings of the Conference now being held at the Taylor street M. E. Church, in this city. Several of those men we know to be quite efficient laborers in the church among their people.

PORTLAND, DALLES & SALT LAKE RAILROAD.

CORRESPONDENCE IN REGARD TO RIGHT OF WAY AT THE CASCADES—SUIT COMMENCED.

On the 4th inst. Col. Chapman addressed a note to the O. S. N. Co. proposing to purchase the right of way along the south side of the Columbia river for the Portland, Dalles and Salt Lake Railroad; and no reply being received, he addressed a second letter to the company on the 10th inst. The following are copies of Col. Chapman's letters:

PORTLAND, August 4, 1871.

To the Oregon Steam Navigation Company, Portland, Oregon:

GENTLEMEN—The Portland, Dalles and Salt Lake Railroad Company have surveyed and located their proposed road through and upon a tract of land sixty feet in width, and extending along the "Cascades" upon the south side of the Columbia river, and more particularly described by the accompanying *Field Notes* of said survey. The tract contains about 31 acres and embraces no improvements except a portion of an orchard and a very small amount of inferior garden land. Our Company propose to purchase of you the right of way over the said tract of land, and will be pleased to learn from you your price, which, if reasonable, will be paid to you at once.

Very respectfully,
W. W. CHAPMAN, President.

OFFICE PORTLAND, DALLES AND
SALT LAKE RAILROAD COMPANY,
Portland, Oregon, Aug. 10, 1871.

To the Oregon Steam Navigation Company, Portland, Oregon:

GENTLEMEN—Failing an acknowledgement of ours of the 4th instant, the bearer hereof is authorized, and on behalf of the Portland, Dalles and Salt Lake Railroad Company, to tender to you the sum of $500 United States gold coin in full satisfaction for the right of way for the Portland, Dalles and Salt Lake Railroad over lands claimed by you at the Cascades of the Columbia, as described by notes of survey and our communication of the 4th, before mentioned. If the sum so tendered you is acceptable, please execute and acknowledge the accompanying deed of release.

Yours respectfully,
W. W. CHAPMAN, President.

The O. S. N. Co. refused the offer contained in the last letter, whereupon the Portland, Dalles & Salt Lake Railroad Co. commenced a suit in the 4th Circuit Court to enforce the right of way thus refused. The Co. had no alternative, as the gap of the Columbia is the only possible pass, and to pass over the lands owned by the O. S. N. Co. is unavoidable.

ANNUAL M. E. CONFERENCE.

THIRD DAY OF NINETEENTH SESSION—LAY DELEGATES AND MINISTERS OF OTHER DENOMINATIONS INVITED TO SEATS—EXAMINATION OF CLASS ON TRIAL—ELECTION OF DELEGATES TO THE GENERAL CONFERENCE.

FRIDAY, Aug. 11, 1871.

Bishop Janes took the chair at the regular hour, 9 A. M., and devotional exercises, reading Scriptures, singing and prayer occurred.

After approving the minutes of the second day, the Conference invited the Lay Delegates present from all the charges to seats within the bar, and to participate in the discussions.

Three ministers, Revs. Embree, Sears and Finley, of the M. E. Church, South, were introduced and invited to seats and discussions with the Conference.

The Committee appointed by request of Rev. Mr. Todd to hear certain facts in his case, reported that nothing was found to arrest the passage of his character.

The class on trial were called, consisting of Revs. W. P. Chapman, H. J. Powell, J. Hoburg, J. S. McCain, Thomas Pearne, George Waters, W. H. Meisse. After singing and prayer by Rev. J. H. Wilbur, the Bishop delivered a most stirring and radical address to the class on the office and work of true ministry. A part of this class were admitted into full connection in Conference, and the rest were continued on trial.

Thereupon the order of the day, the election of delegates to the General Conference of '72, was taken up. On the first ballot, 61 votes were cast. Number requisite for a choice, 22. Rev. J. F. DeVore received exactly this number. On the second ballot, Rev. C. C. Stratton received 33 votes. These two were thus duly elected, and Revs. N. Doane and H. K. Hines were elected reserves.

In the afternoon the Lay Delegates met in separate session and organized by electing Alexander Abernethy, President, and Wm. B. Carter, Secretary. The Committee on Credentials reported names of delegates from nearly all the circuits and stations of the Conference. They proceeded at once to elect Lay Delegates to the approaching General Conference, and Hon. George Abernethy and Hon. J. S. Smith were duly selected. Hon. E. N. Cooke and Wm. Patterson, Esq., were elected reserves.

A very interesting Sunday School meeting was held last evening.

PERSONAL.

We learn that Rev. Dr. Wilson, Secretary of the Board of School Extension, and Rev. Dr. Dickson, Secretary of the Home Missionary Board of the Presbyterian Church, are expected to arrive here soon.

Rev. A. E. Fridrichsen is again absent from the city, on a trip to Oysterville and neighboring points, in the interest of the Scandinavian Lutheran Church.

Prof. R. K. Warren, who has been for several years connected with the Public Schools of this city, goes to Albany next week, to engage in the Albany College.

Gen. Allen, of the firm of Allen & Lewis of this city, arrived at noon yesterday, overland from San Francisco.

Biliousness and Indigestion.

These two complaints are more general at this season of the year than at almost any other. They are closely akin; for biliousness always involves an impaired digestion, and indigestion is necessarily an accompaniment of a disordered or torpid liver. Happy the man or woman who can boast of a stomach that has never felt the horrors of dyspepsia, and to whom that great secretive agent, the liver, has never given pain or trouble. Not one in a thousand can lay claim to entire immunity from irregularity in these organs. How, then, shall they be regulated? Not by powerful cathartics, alternated with ordinary stimulants, but by a medicinal invigorant, like Hostetter's Stomach Bitters, which combine in due proportion the tonic and the alterative principle. Wherever there is a church, a schoolhouse, and a general store, this famous medicine may be procured. No village merchant finds it prudent to be without it, for it is enquired for every day by every class. The workingman buys it because it increases his capacity for toil and is followed by no reaction. The effect of the salubrious roots, herbs, etc., of which it is composed, diffused through his system by the pure stimulant which form the basis of the Bitters, is most healthful and invigorating. The scholar, the merchant, and, in fact, all men, whose minds or bodies, or both, are in constant exercise will derive benefit from its use. To persons of sedentary habits it supplies, in some measure, that activity in the circulation which is obtained by physical exertion, and is the best known remedy for constipation.

Ask for Hostetter's Stomach Bitters, and do not be coaxed into purchasing any of the imitations and frauds sometimes offered in its stead.

Back Log Studies.

BY CHARLES D. WARNER, IN SCRIBNER'S.

The fire on the hearth has almost gone out in New England; the hearth has gone out; the family has lost its center; age ceases to be respected; sex is only distinguished by the difference between millinery bills and tailors' bills; there is no more toast and cider; the young are not allowed to eat mince pies at 10 o'clock at night; half a cheese is no longer set to toast before the fire; you scarcely ever see in front of the coals a row of roasting apples, which a bright little girl, with many a dive and start, shielding her sunny face from the fire with one hand, turns from time to time; scarce are the gray-haired sires who strop their razors on the family Bible, and doze in the chimney corner. A good many things have gone out with the fire on the hearth.

I should like to know what heroism a boy in an old New England farm house—rough nursed by nature, and fed on the traditions of the old wars—did not aspire to. "John," says the mother, "you'll burn your head to a crisp in that heat." But John does not hear; he is storming the Plains of Abraham just now. "Johnny, dear, bring a stick of wood." How can Johnny bring in wood when he is in that defile with Braddock, and the Indians are popping at him from behind every tree? There is something about a boy that I like, after all.

The fire rests upon the broad hearth; the hearth rests upon a great substruction of stone, and the substruction rests upon the cellar. What supports the cellar I never knew, but the cellar supports the family. The cellar is the foundation of domestic comfort. Into its dark, cavernous recesses the child's imagination fearfully goes. Bogies guard the bins of choicest apples. I know not what comical sprites sit astride the cider barrels ranged along the walls. The feeble flicker of the tallow candle does not at all dispel, but creates illusions, and magnifies all the rich possibilities of this underground treasure house. When the cellar door is opened and the boy begins to descend into the thick darkness, it is always with a heartbeat as of one started upon some venture. Who can forget the smell that comes through the door, a mingling of fresh earth, fruit, exhaling delicious aroma, kitchen vegetables, the mouldy odor of barrels, a sort of ancestral air, as if a door had been opened into an old romance. Do you like it? Not much. But then I would not exchange the remembrance of it for a good many odors and perfumes that I do like.

It is time to punch the back-log and put on a new fore-stick.

Tammany Illustrates the Democracy.

[From the Missouri Democrat, July 25.]

That the Democratic party is not a party of patriotism or of genuine American feeling and principle, with some adequate conception of the sacredness of constitutions, the rights of majorities, the authority of governments, the equality of civil and political privileges, is shown by the twin facts that it was ready to surrender to rebels and traitors in the very midst of the great struggle for nationality, and that it was equally ready to surrender to the mob in New York city at the dictate of the vilest elements of the population. Tammany cares for nothing but votes, and Tammany, in the [illegible] exhibition of July 12, illustrates to the country the National Democracy. Behold, in the base surrender to the mob, in the unquestioned support of the warfare on the public schools, in the mountains of taxes imposed, in the rights of American citizens insolently sacrificed, in its utter disregard of civil and political equality, in its abject subserviency to the worst classes of the population, in its utter disregard of religious liberty and the right of free assembly of all peaceable citizens, and its willingness to go down on its knees with its face in the dust, to any clique, combination, or hierarchy supposed to have political influence or power, the true character, purpose, and tendency of the Democratic party! And this is the party which aspires to the control of the National Government! Its success would endanger every principle of American liberty.

While there are many excellent men and good citizens in the Democratic party, it is, nevertheless, true that Tammany controls the machinery, and these good and respectable citizens could no more than sanction, at the ballot-box, the edicts of the reckless and unprincipled politicians who determine the platforms and policies of the organization. Tammany dominated the last National Democratic Convention, and it will, doubtless, repeat the performance in 1872. The Western Democracy may be more honest, patriotic and accordant with the wishes of the party; but Tammany will cheat these "innocents" out of their eye-teeth, and present, in spite of them, its own platform and candidate. It knows that the party will, everywhere, truckle to its dictation, and support Boss Tweed himself for the Presidency, if it shall so decree.

We advise the people of the country at large to study the New York Democracy. It demonstrates the spirit and policy of the whole organization. The existance of Democratic Ku Klux in the South may be denied, but the Tammany Ku Klux is an indisputable fact. It tramples to the earth the most precious political and religious rights of the people to propitiate the bludgeoned bullies, who vote the Democratic ticket "early and often," and never permit any other to be voted, if possible to prevent it.

Northern Pacific Railroad Commissioners.

The *Statesman* publishes the following:

The commissioners appointed by the bankers of Europe to examine and report on the Northern Pacific Railroad, with a view to the sale of [illegible] in Europe, are soon expected to arrive at Puget Sound. They are gentlemen occupying the highest positions and of unquestionable character, and represent different parts of Europe. Mr. Aug. Folsch, the chairman, is one of the most celebrated engineers of Austria; Chebalier D. Grimburg, is Professor of the largest institutions in Vienna; N. J. Den Tex, Esq., is Secretary of the Board of Trade in Amsterdam, and was one of the commissioners of that city at the opening of the Suez Canal. Mr. Haas, of Berlin, is President of several Prussian railroads; Mr. Bretschwert, of Frankfort, Germany, is a gentleman of long railroad experience. They are accompanied by Gen. Geo. B. Sargent, the financial agent of the company in Europe. They have examined the Eastern part of the line, and may be expected to arrive at Portland about the first week in September.

The above information is given by a well known gentleman of this place, who is an intimate friend of Gen. Sargent, the financial agent above alluded to. We hope these distinguished gentlemen will improve the opportunity to visit and realize the beauty and natural resources of this valley.

INFLUENCE OF EXAMPLE.—Men's lives are pages of history. Those who read are stimulated to good deeds thereby, or taught to avoid the mistakes such lives record. There cannot be too much said, or written, to encourage men of wealth to devote their leisure and money towards developing the beautiful in Nature, recovering and regenerating waste places, and affording men with less means and opportunities for the study of rural art. The influence of an example of good taste in the adornment of a single place in a neighborhood or town, reaches far into the future and molds more than most men think, the external features of that neighborhood or town, and affects more ultimately the lives of those whom it influences. If one man plants a tree his neighbor wants one. If one housewife has a flower *parterre*, another is not insensible to the enthusiasm with which the first exhibits and praises her floral pets. If one man sees his neighbor clearing out an old swamp, a ravine, or a rough place of any sort, and converting its rude angularities into symmetrical lines of beauty, he ever after looks upon the rough places of his own domain with the possibilities of what it may become in his mind's eye, and realizes, sooner or later, the ideal beauty which the realization of his neighbors have established.

FINANCE AND COMMERCE.

PORTLAND, Friday Evening, Aug. 11, 1871.

Gold in New York, 111⅞; currency, buying, 89¼@89½; selling, 90@91.

Wells, Fargo & Co. received by steamer *California* $7,400.

Steamer *California*, from Puget Sound and Victoria, arrived this morning. She will be laid up one month for repairs.

Steamer *Gussie Telfair*, from San Francisco, with assorted cargo of merchandise, arrived this morning. She takes the place of the *California* on the Victoria and Puget Sound route, instead of the steamer *Wright* on the Sitka. She sails to-morrow, Saturday, at 7 P. M.

Bark *Whistler*, goes to Monticello to-morrow for cotton bolts, and then proceeds to Westport to finish cargo with lumber and fish.

Bark *Dovenby*, from Newport, Wales, is in the river and will probably arrive to-night.

Nila Bond sails to-morrow, Saturday, with cargo assorted merchandise, for Tillamook.

A. B. Richardson & Co. sell to-morrow, Saturday, at 10 o'clock A. M., wines, whiskies, groceries and real estate.

The Commissioner of Internal Revenue rendered the following decisions: That no bank or banker is subject to a tax upon *borrowed capital*, and no assignment must be made only upon the basis of capital owned by bankers and employed by them in a banking business, subject to the exemption accorded in the statute. Imported perfumes may be sold in original and unbroken packages as entered at the Custom House, without being stamped, but when the original package is broken, and smaller ones taken therefrom, the bottles must be stamped before offered for sale.

The cotton tax, collected on rope and bagging, known as the tare, amounting to from 15 to 20 lbs on each bale, is now being refunded under the act of Congress of June 30, 1864. All claims of this kind require the certificate of the Collector of Internal Revenue.

It is announced by telegram to-day that Secretary Boutwell has notified agents for the sale of the new loan that the balance of the $200,000,000 offered in February, 1871, had been placed, and authorized them to dispose of an equal amount of 3½ per cent. and 5 per cent. bonds. We have no further information than the public dispatch, but we are inclined to the opinion that Messrs. Cooke, McCulloch & Co., American bankers in London, formed a combination of London and continental bankers so as to take the balance, as Judge Richardson telegraphed that from $20,000,000 to $30,000,000 would be placed to the credit of the Treasury, in London, about the 25th of this month. That Secretary Boutwell has succeeded in placing this amount will surprise many, as arrayed against him, in the [illegible] of his ultimate success, were all the leading financial papers we have seen, except the *Commercial Herald* of San Francisco. This is but the entering wedge to the successful floating of the full amount desired. The European bankers were some time taking hold, but with the large amounts paid and to be paid to Germany by France, which in turn will be thrown on the market by the lifting of the German war bonds, will lend an additional stimulus to the taking of all the balance by European bankers. But for further and fuller advices we will have to await the mail.

Gold to-day is ½ per cent. lower, undoubtedly caused by the fact that on or about the last of this month Secretary Boutwell will sell exchange on Europe or else bring out the gold for balance of bonds sold to the United States; and in either event it necessarily forces gold down, and the probability of his placing more bonds successfully may cause gold to fall still further.

The imports of rice to California for the first seven months of this year are as follows: China, 20,775,267 lbs; Hawaiian, 426,780 lbs; Carolina, 179,819 lbs; Manilla, 222,558 lbs; Mexican, 3,250 lbs; total, 21,607,179 lbs. Our imports of rice have been as follows: China, 628,637 lbs; Hawaiian, 20,288 lbs; total, 647,925 lbs. There is to arrive, and now due at this port, as near as can be ascertained, 937,200 lbs, China. Our imports do not compare well, as the largest part of our supply is drawn from California, and no statistics heretofore kept of it. The importations of rice into San Francisco for the first six months of 1870 and 1871 compare as follows:

	1870.	1871.
Carolina, lbs.		179,819
Central America	203,580	
China	9,123,220	10,204,391
Hawaiian	140,697	343,078
Manilla	[illegible]	222,558
Mexico	[illegible]	3,250
Totals	97556,670	10,952,500

The deliveries from San Francisco have been in the same ratio of increase as the imports, so that the stock on hand there is large, still not so large but what it will be absorbed by the fall trade, as the imports will probably be light. Our stock is very small, merchants ordering only sufficient to fill orders, awaiting arrival of the *Hattie C. Besse* and *Garibaldi*, now fully due. We have been informed that soon after these vessels sailed, a fearful tornado visited the coast of China, and it is not at all improbable that they have been caught in it and dismantled, if nothing more serious happened. Reports from China state there is a partial failure of crops in some of the large districts. A telegram by way of London—ten days in coming—was received some three weeks ago by a prominent Chinese firm in San Francisco, from their correspondent in China, stating that the new crop had opened firm. The rice crop of the Southern States for the season of 1870-71, was, owing to the drouth, not over one-half of the crop of 1869-70. For the season of 1871-72 there will be fully an average yield per acre, but the acreage is very small. From other points of shipment we have no advices.

Merchandise Reports.

BAGS—Market overstocked, with light demand, as country orders have mostly been filled. Prices, 13¼@13½c.

BACON—Market strong, at 14c, with sales of 5,000 lbs at that figure.

BROOMS—Both factories are turning out about 50 doz per week. The number imported for the past year was 1,200 doz., manufactured here, 2,000 doz. Quotable from $3 25@5 50 per doz, according to quality.

EGGS—The California steamer having sailed, prices have shaded off and cannot be quoted over 31c.

HAMS—There is a little more activity in the market; we note sales to-day at 16c.

FLOUR—There has been a good local demand at unchanged rates. Several orders for Victoria and Sound ports will be filled to-morrow.

NAILS—We note sales to-day of 126 kegs at current rates.

POTATOES—Sales made to-day at 1¾c for California, ¼c advance on former quotations.

RICE—Very firm with an upward tendency. Stock on hand light with large invoices to arrive; the estimated stock in warehouses in San Francisco 5,000,000 lbs, with small shipments to arrive.

SOAP—We note sales of 400 boxes, B. Irving & Co.'s, at current rates.

SHOULDERS—Sales made to-day at 10c.

WHEAT—The excitement in regard to price appears to have quieted down. Both millers and shippers seem convinced they cannot afford to pay $1 50 per bushel as far up as Salem, the low price ruling in England, together with high rates of freight preventing shippers from purchasing at that figure. To-day's quotations from Liverpool give us 11s 7d, 1d higher.
